COMPANY OVERVIEW

DY Constructions Australia is an Sydney based Fit Out company providing a high quality solution for all your Office Fitout and Office Refurbishment needs. At DY Constructions Australia we specialise in handling all sized projects involving construction and project management of brand new office fitouts, as well as refurbishments, renovations, churn and alterations to existing office layouts.

The following are examples of when we can assist your organization:

- ▶ When your business is relocating to a brand-new facility in Sydney and you require assistance with your new fitout including workstations, custom made joinery, general office furniture and office partitioning.
- ▶ When vacating an existing tenancy, you are required by the landlord to undertake a *Tenancy Makegood* of the office, we can assist by removing existing partitions and retrofitting the facility to its original layout and condition.
- ▶ When you are considering a *facelift* to your existing office, we can assist you with the refurbishment eg: new office partitions, new workstations, new carpet and a revised layout of existing office space to enhance your work environment.
- ▶ When you need to fit additional staff into your existing office space and require the building of new offices or new workstations, our Consultant will meet with you on site to fully understand your requirements, establish the required *scope of works* and provide you with a *Fixed Lump Sum* proposal which will ensure that your project will be on time and within budget, and to the high level of quality you expect.

MISSION STATEMENT

WE ARE COMMITTED TO:

- Quality office interiors

JOHN FRAWLEY: BUSINESS DEVELOPMENT MANAGER

John has had a long career servicing the fitout needs of both small companies and multi national corporations. He has extensive experience in design and construct office fitout projects ranging from 100m² to 3000m². John builds strong long term relationships with clients who regularly call back for repeat business.

In 2017 John joined DY Constructions Australia Pty Ltd to service the office fitout and refurbishment needs of companies throughout sydney, supplying all fixtures and fittings, and including full management of the project.

To discuss you're next office fitout project feel free to contact John direct on **0412 295 027** or email john@dyconstructions.com

**KATHRYN ATKINS: ADMINISTRATION MANAGER**

Kathryn is an experienced Administration Manager, with a background in customer service.

With her excellent communication and organisational skills, Kath manages all the office operations of the company, to ensure all support activities are carried out efficiently and effectively to allow the fitout operations to function properly. Experienced in all administration procedures including client liaison, sales support, programming of installations, accounts payable, accounts receivable, she maintains a high level of customer satisfactions with all clients and takes a sincere interest in each client to ensure that each client is happy with the outcome of their fitout.

Kath can be contacted on **0456 019 939** or email kathryn@dyconstructions.com

**ALEX ALEXEENKO: PROJECT SUPERVISOR**

Alex has a carpentry trade background, over many years in the building and construction industry. Alex is experienced with both commercial and residential interior fitout projects. Alex has successfully managed numerous projects all over Sydney to a high level of quality, and all projects have been completed on time and within budget. Alex always keeps clients informed on the progress of their fitouts, to achieve a high level of customer satisfaction.

Alex can be contacted on **0412 499 360** or email alex@dyconstructions.com

ENVIRONMENTAL POLICY STATEMENT

DY Constructions believe our team members, suppliers and sub contractors have a responsibility to promote sustainable environmental policies in relation to the use and disposal of resources used in office interiors fitouts. The following lists our priorities in relation to safeguarding our environment:

1. DY Constructions Australia will comply with all statutory regulations and policies in relation to environmental procedures.
2. We will use our design expertise to create innovative products that have reduced environmental impacts.
3. We will help clients on a project by project basis to select and find environmentally responsible ways to design and construct their office fitouts without sending large amounts of waste into landfills.
4. Recycling and re use of components such as doors, locks, aluminium, glass etc where possible.
5. Use of refurbished materials in workstations
6. Inform carpet recycling companies to remove and reuse carpet of good quality from our projects
7. Encourage landlords to store on site left over materials when a tenant moves out and the space has not been released to a new tenant yet.
8. Specify energy efficient lighting
9. Promote to our clients the re use of existing ceilings instead of new ceilings wherever possible.
10. Sell furniture that is no longer required to second hand dealers who can refurbish for re use.
11. Specify materials and products that can be recycled whenever possible.
12. Design fitouts that minimise energy usage.
13. On projects, manage waste disposal so that it can be sold, re used or recycled where possible.
14. Promote an environmentally responsible culture in DY Constructions Australia through our systems and procedures.
15. Encourage suppliers and sub contractors to adopt environmentally sustainable practices when working on DY Constructions Australia projects.

COMMITMENT

DY Constructions Australia is committed to protecting the environment by constantly improving its environmental performance by giving priority to suppliers and sub contractors who are also committed to protecting the environment, constantly updating our systems and procedures to comply with environmental regulations and directing our designers to be environmentally responsible when designing office fitouts for clients.

OH&S POLICY STATEMENT

The object of DY Constructions Australia safety policy is to;

1. Identify HAZARDS in the workplace and to implement strategies to control and wherever possible eliminate such hazards.
2. To help establish a control mechanism to ensure the safety of its' employees and subcontractors.
3. To establish a forum where employees and subcontractors can contact us with any issues that arise (including the notification of workplace accidents and injuries) in relation to workplace health and safety issues.
4. To produce (in conjunction with staff involved) safe work method statements and safety rules and instructions.

POLICY FOR RISK MANAGEMENT

DY Constructions Australia, when in the capacity of employer or principal contractor shall:

Take personal care to identify any foreseeable hazards that may arise from the conduct of employees performing tasks as service to DY Constructions and to eliminate any reasonable foreseeable risks or hazards that would be detrimental to the health and safety of the above mentioned.

Whenever is it not reasonable practical to eliminate foreseeable risk, that suitable control measures will be implemented to ensure the foreseeable health and safety of employees.

DY Constructions Australia will review the risk assessment and control measures whenever:

- The previous risk assessment is no longer valid
- Injury or illness results from exposure to a hazard to which the risk assessment relates, or a significant change is proposed to the standard practices and procedures to which previously form risk assessment relates.

OH&S INSTRUCTION AND TRAINING

DY Constructions Australia will ensure that each new employee will receive induction and training courses that cover:

- Arrangements at the place of work for the management of OH&S, including arrangements for reporting hazards to management
- Health and safety procedures at the place of works relevant to the employee, including the use and maintenance of risk control measures.
- Access to health and safety information that DY Constructions Australia is required to make available to the employees.

Supervision

DY Constructions Australia will ensure that employees are provided with reasonable supervision necessary to ensure their health and safety and that such supervision is undertaken by a competent person and with respect and observation to employees experience, age and competency.

Personal Protective Equipment

DY Constructions Australia will ensure that employees are provided with all necessary personal protective equipment appropriate for the person and suited to the tasks they are performing and/or relevant to the environment the person is working in. Also that the person will be informed as to the limitation of the equipment, the equipment will be provided clean and hygienic, stored in an area for easy access and that the equipment is repaired and replaced as necessary.

First Aid

DY Constructions Australia will provide at place of work, first aid facilities that are adequate for the immediate treatment of injuries and illness that may arise at work. First aid facilities will comply with Occupation Health and Safety Regulation 2001 cause 20, chapter 2, section 5 definition First Aid Kit B and shall not be used for any other purpose other than for first aid or occupation health service.
